carolina, I have 47 pages of links and hundreds of hours of videos that were sent to me in the last 24 hours. There is NO WAY I can watch all of it. I have spent 72 hours straight preparing for tonights show. I'll do my best, but I have BIG questions for Keshe that the people need to hear. Plus I am extremely busy working on the QEG project and running a global organization. I cannot dedicate much more time to Keshe, especially when I see his arrest warrant from Interpol. (which will be on tonight). I am NOT any part of any pedophile network!!! I am part of a family of hard working people who are trying to get a device out to help teach engineers. I will be speaking hopefully with Sousan very soon. Her testimony is extremely telling.
